MURRAY L. HARRIS, CLERK

BY DEPUTY Rita Roberson

**IN THE UNITED STATES DISTRICT COURT
FOR THE EASTERN DISTRICT OF TEXAS**

Establishment of Date of Arrest of Criminal Defendants

With the implementation of automated docketing of criminal cases, it becomes imperative that the date of arrest of criminal defendants be entered in the record in chronological sequence in order to initiate automated speedy trial timeclock intervals for tracking purposes.

It shall therefore be the procedural policy of the court in this district that the exact date and location of arrest of each defendant appearing before a Judicial Officer of this district be established for the record at the time of first appearance in response to each warrant served upon the defendant(s). This information shall be recorded in the minutes and entered on the docket forthwith.

FOR THE COURT:

Robert M. Parker
Chief Judge
